

LIVING
LIKE IT USED TO BE.

What actually made the good old days so great? Time to talk. Time to think. Time to relax. *Time to live.*

The good old days are still good, just not so old. Alive and well in the Texas Hill Country. Low taxes. Low land costs, and year-round golfing weather. Kerrville is a unique place. Fine arts. Excellent universities and world-class health care. Why are people so friendly? Why wouldn't they be? *It's all good.*
